Открытый программный код и открытые данные на Github

The screenshot shows the homepage of the GitHub and Government website. The header reads "GitHub and Government" with links for "Who's using GitHub", "Peer Group", and "Contact". The main headline is "Government like you've never imagined." followed by the subtext "Collaborate on code, data, or policy, within your organization or with the public." Below this, there are three main sections: "Upgrade your IT workflow" (Git icon), "Public engagement, private collaboration" (User icon), and "Communicate more, manage less" (Issue tracking icon). Each section has a brief description and a link to "GitHub.com". At the bottom, there are three additional icons: a lock for "Enterprise controls, startup speed", a server for "In your datacenter or in the cloud", and a briefcase for "IT without the paperwork".

GitHub and Government

Who's using GitHub Peer Group Contact

Government like you've never imagined.

Collaborate on code, data, or policy, within your organization or with the public.

Upgrade your IT workflow

Git is an open-source version control system that tracks who made what change when across software projects.

Public engagement, private collaboration

Publish open source software on GitHub.com or collaborate privately and securely behind your agency's firewall.

Communicate more, manage less

GitHub's issue tracking tools give you day-to-day visibility into your project's success, without the need for lengthy meetings.

Enterprise controls, startup speed

In your datacenter or in the cloud

IT without the paperwork

Система управления данными CKAN (Comprehensive Knowledge Archive Network)

The screenshot shows the CKAN website homepage. At the top, there is a navigation bar with links to Services, Case studies, Feature Tour, Developers, FAQ, Contact Us, and Blog. Below the navigation bar, the CKAN logo is displayed. The main content area features a large image of a computer screen showing a dataset titled "UK: Adur District Council Spending". The dataset page includes social sharing links for Social, Google+, Twitter, and Facebook, and a license section indicating "License Not Specified". To the right of the dataset image, a blue box contains the text: "CKAN, the world's leading open-source data portal platform". It describes CKAN as a powerful data management system that makes data accessible by providing tools for publishing, sharing, finding, and using data. Below this text are three buttons: "Take Tour", "Get CKAN", and "Live Demo". Further down the page, there are two sections: "Feature Overview" and "Support and Hosted Solutions". The "Feature Overview" section lists five features with corresponding icons: a gear for a complete catalog system, a WordPress icon for strong integration with CMSs, a bar chart for data visualization, a user icon for workflow support, and a lock icon for fine-grained access control. A "Read More" button is located at the bottom of this section. The "Support and Hosted Solutions" section explains that CKAN is open source and can be downloaded for free, with hosting and support available from suppliers. It also mentions a full-time professional development team at the Open Knowledge Foundation. A "Read More" button is located at the bottom of this section as well.

Virtuoso Universal Server

Virtuoso is an innovative enterprise grade multi-model data server for agile enterprises & individuals. It delivers an unrivaled platform agnostic solution for data management, access, and integration.

The unique hybrid server architecture of Virtuoso enables it to offer traditionally distinct server functionality within a single product offering that covers the following areas:

- Relational Data Management
- RDF Data Management
- XML Data Management
- Free Text Content Management & Full Text Indexing
- Document Web Server
- Linked Data Server
- Web Application Server
- Web Services Deployment (SOAP or REST)

Открытые транспортные данные Швейцарии

Transport

Swiss public transport API

Introduction

The Transport API allows interested developers to build their own applications using public timetable data, whether they're on the web, the desktop or mobile devices. The aim of the API is to cover public transport within Switzerland. Find out more about how you can start exploring the timetable data playground or just browse the API Documentation.

If you are looking for a download of all data please check www.fahrplanfelder.ch for the official timetable data for Switzerland. A converted version in GTFS is available on gtfs.geops.ch.

The source code can be found on [GitHub](#), please ask any technical questions there. If you need a direct contact write a mail to transport@opendata.ch.

Examples

A few examples to show what can be produced with the Transport API:

- [Stationboard table with autocomplete](#)
- [Connections search](#)

API Documentation

- [Rate limiting](#)

Источник: <http://transport.opendata.ch/>

Пример приложения на открытых транспортных данных Швейцарии

The screenshot shows a web application interface for a Swiss public transport API. At the top, the word "Transport" is written in large, bold, red letters. Below it, in smaller black text, is "Swiss public transport API". A horizontal dotted line separates this from the main content area. The title "Stationboard Example" is centered above a search bar containing the text "Lausanne". The main content is a table with two columns: "Zeit" (Time) and "Nach" (Destination). The table lists ten train departures from Lausanne:

Zeit	Nach
07:51	RE 3200 Genève-Aéroport
08:21	RE 3102 Genève-Aéroport
08:45	IR 2511 Luzern
08:51	RE 3202 Genève-Aéroport
09:06	RE 3104 Genève-Aéroport
09:11	RE 3203 Vevey
09:12	S 1 Yverdon-les-Bains
09:23	S 3 Allaman
09:24	S 21 Payerne

Портал открытых данных Республики Узбекистан

The screenshot shows the homepage of the Open Data portal for the Republic of Uzbekistan. At the top, there is a logo consisting of a hexagon divided into six colored segments (blue, green, red, yellow, purple, pink). The title "Портал открытых данных Республики Узбекистан" is displayed next to it. On the right side of the header are links for "Авторизоваться" (Authorization) and "Зарегистрироваться" (Registration), along with language switches for "UZ" and "RU". Below the header is a search bar with a placeholder "Поиск..." and a "Расширенный" (Advanced) dropdown menu. To the right of the search bar is a magnifying glass icon. The main content area features a large banner with the text "ФОРМАТЫ ОТКРЫТЫХ ДАННЫХ В МАШИНОЧИТАЕМОМ ВИДЕ" (Formats of open data in machine-readable format) and a graphic of various 3D cubes labeled with file extensions like "rdf", "json", "xml", "yaml", "yml", "csv", and "tsv". Below the banner are five circular icons representing different sectors: "Территория" (Territory) with a map icon, "Экономика" (Economy) with a chart icon, "Здоровье" (Healthcare) with a stethoscope icon, "Образование" (Education) with an open book icon, and "Население" (Population) with a people icon.

<http://data.gov.uz/ru>

Государственный комитет Республики Узбекистан по статистике

The screenshot shows the homepage of the website www.stat.uz. The header features the logo of the State Committee of Statistics ('ZSTAT') and the emblem of the Republic of Uzbekistan. The main title 'Государственный комитет Республики Узбекистан по статистике' is prominently displayed. Below the header, there are language links ('uz', 'ru', 'en'), navigation links ('Главная', 'О Госкомстате', 'Пресс-служба', 'Стат-Инфо', 'Услуги', 'Открытые данные', 'Медиа', 'Контакты'), and a search bar. The 'Открытые данные' (Open Data) section is currently active. On the left, a sidebar lists various statistical services. The main content area displays a table of open datasets:

Министерство финансов Республики Узбекистан

The screenshot shows the official website of the Ministry of Finance of the Republic of Uzbekistan. At the top left is the national emblem of Uzbekistan, followed by the flag and a decorative ribbon. The top right features language links: UZ RU EN. Below the header, there are links for 'ВОЙТИ' (Login) and 'РЕГИСТРАЦИЯ' (Registration). The main title 'Министерство финансов Республики Узбекистан' is centered above a breadcrumb navigation: Главная страница сайта / Ресурсы / Открытые данные. On the left, a sidebar menu lists various ministry departments. The main content area displays a table of open data resources, each with a title, description, and view count. To the right, there are links to the 'TELEFON DOVERIYA' (Phone of Trust), 'БЮДЖЕТНЫЙ КОДЕКС' (Budgetary Code), 'НАЛОГОВЫЙ КОДЕКС' (Tax Code), and a 'ВОЙТИ' (Login) button.

В данном разделе представлена информация о деятельности Торгово-промышленной палаты Узбекистана, которая размещается в сети «Интернет» в форме «Открытых данных».

Открытые данные – информация о деятельности органов государственного и хозяйственного управления, органов государственной власти на местах, размещенная в сети Интернет в машиночитаемом формате в целях ее многократного, свободного и бесплатного использования.

Размещение открытых данных осуществляется в рамках реализации Постановления Кабинета Министров Республики Узбекистан №232 от 7 августа 2015 года «О мерах по дальнейшему совершенствованию Правительственного портала Республики Узбекистан в сети Интернет с учетом предоставления открытых данных».

Условия использования

При использовании открытых данных пользователь вправе:

- воспроизводить, копировать, публиковать и передавать открытые данные;
- использовать (в том числе повторно) открытые данные свободно, бессрочно, безвозмездно и без ограничения территории использования;
- распространять и перегруппировывать открытые данные;
- адаптировать, модифицировать, трансформировать и/или извлекать информацию из наборов открытых данных;
- использовать открытые данные в коммерческих целях, в том числе для создания различного рода программных продуктов и приложений.

При использовании открытых данных пользователь обязан соблюдать следующие условия:

- использовать открытые данные только в целях, не противоречащих законодательству;
